

**REMARKS/ARGUMENTS**

Claims 1-14 are pending. For reasons discussed below, claims 1-6 are believed to be presented for examination.

The Examiner issued a three-way restriction requirement putting claims 1-4 into Group I, claims 5 and 6 into Group II, and claims 7-14 into Group III. Upon perusing the claims, Applicants undersigned attorney noted that the claims in Group II, at the time of filing improperly identified themselves as assembly claims, even though they depended from method claims and recited additional method steps. In view of this, Applicants have amended claims 5 and 6 to recite that they are method claims. Therefore, Applicants respectfully request that claims 5 and 6 be re-identified as belonging to Group I.

In response to the Examiner's Election/Restriction Communication, Applicants are electing to prosecute the Group I claims without traverse, and believe that claims 1-6 are properly in this group. Claims 7-14 are withdrawn.

**CONCLUSION**

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.

Respectfully submitted,

David N. Slone
